Exhibit 1 to the Promissory Note
Description of Financing of
Project Improvements

A. Obligation of the Agency to Pay Participant Revenue Allocation (Tax Increment) Proceeds

The Agency covenants and agrees to pay to the Participant a portion of the revenue allocation (tax increment) monies which the Agency shall actually receive specifically from the land and improvements located at 203 W. Third Street, Moscow, Idaho following the construction of the Project by the Participant according to the terms and conditions described herein. The revenue allocation proceeds are to be used to reimburse the Participant for the eligible costs of the Project, which the Participant has agreed to construct as described within this Agreement.

1. Tax Increment Monies Are Sole Source of Agency Funding

Agency and Participant agree that the only source of monies available to Agency to pay the Participant herein described are the revenue allocation proceeds to be received by Agency from the Private Development within the Project Area based upon the value of the Private Development to be constructed by Participant. Only the revenue allocation proceeds from the Private Development Site shall be used to make the payments due under this provision of the Agreement. No payments shall be made by Agency to Participant from other revenue allocation proceeds which Agency may receive from time to time from other portions of the Project Area or other redevelopment project areas which have been or may hereinafter be established, designated, or adopted by Agency and City at some future time.

2. Contingencies of Payment

Participant understands that Agency is entitled to receive revenue allocation proceeds pursuant to Idaho Code § 50-2908, which are to be paid to the Agency by Latah County. Participant understands that the revenue allocation proceeds shall become available to Agency only if and when the Private Development to be constructed by Participant on the Site is completed and accepted by the City and has a current year assessed value which is greater than the assessed value of the Project Area "base year" established at the time the Urban Renewal Plan was adopted. Participant further understands that Agency is not a taxing agency under Idaho law, has no power to levy a property tax on real or personal property located within the Project Area, or to set a mill levy or rate of tax levy on real or personal property within the Site. Agency is entitled to receive tax increment funds from the Site for the period established by the Law, the Act, and the Urban Renewal Plan. Participant has investigated the provisions of Idaho laws governing the receipt of revenue allocation proceeds by Agency and assumes all risk that the anticipated revenue allocation proceeds derived from the Private Development to be constructed by Participant on the Site and in conformance with the Urban Renewal Plan will be paid to Agency and, if paid, that the amount of revenue allocation proceeds will be sufficient to repay the obligation of Agency to Participant according to the terms and conditions contained in this Agreement. Participant further assumes the risk that no changes or amendments will be made in the provisions of the Law, the Act, or other tax statutes which would affect or impair either Agency's right or ability to receive the aforesaid revenue allocation proceeds and to pay the indebtedness created by execution of the Agreement, the length of time said monies can be received,

or the percentage or the amount of the revenue allocation proceeds paid to or anticipated to be received by Agency based upon the current statutes.

3. Limitation on Making Payments

It is the intention of the parties that upon completion, Participant shall only be paid from the revenue allocation proceeds, if any, which are paid or are payable to Agency as a direct result of the Private Development constructed by the Participant on the Site. If, for any reason, the revenue allocation proceeds anticipated to be received by Agency as a direct result of the Private Development to be constructed by Participant on the Site are reduced, curtailed, or limited in any way by enactments, initiative referendum, or judicial decree, Agency shall have no obligation to pay the tax increment obligation to Participant as described in this Agreement from other sources or monies which Agency has or might hereinafter receive.

4. Percentage of Tax Increment Payment

Agency agrees to pay to Participant fifty percent (50%) of the revenue allocation proceeds received by Agency from the Private Development Site, which Agency receives as set forth in the Act, Agency adopted policy, or Urban Renewal Plan, commencing upon receipt of revenue allocation proceeds received by Agency from the Private Development Site, after the completion, acceptance, and verification of the of the Agency Funded Public Improvements and the associated Private Development, and fifty percent (50%) thereafter for a period through December 31, 2032, or until the principal amount is retired, whichever occurs first. Because of the limitation on available funds, no amortization schedule shall be prepared or used by the parties. Rather, Agency's obligation is to pay Participant fifty percent (50%) of the overall revenue allocation proceeds as actually received specifically from the Private Development Site, which Agency receives as set forth in the Act, Agency adopted policy, or the Urban Renewal Plan, for the time period specified or until the principal amount is paid, whichever occurs first. Agency's obligation to Participant shall only be to pay above-described percentages of the amounts of revenue allocation proceeds received by Agency, notwithstanding said amount may be reduced, curtailed, or limited in any way, and there shall be no interest, compounding of interest or amounts added to the principal in the event the revenue allocation proceeds are reduced, curtailed or limited in any way.

5. Time and Terms of Tax Increment Payments

a. For any funds to which Participant is entitled, the payments received each year by Agency from the ad valorem taxes paid by taxpayers to the County Treasurer on the Site following acceptance of the Project improvements by the City, and any other state or local agency having jurisdiction, and upon the Agency's issuance of the Verification of Costs Statement, or upon resolution of any dispute regarding the Certification of Costs pursuant to Section III.(I) of the Agreement, shall be paid to Participant within thirty (30) days following receipt of said funds by Agency. Agency anticipates receipt of these funds in January and July of each year from the ad valorem taxes paid by property owners each year.

b. The Act, as amended, provides that Agency will be paid tax increment funds contingent on the amount of assessed value as determined by the Latah County Assessor each year

and the rate of tax levy or the percentage of assessment levied by each of the taxing agencies. Agency is not a guarantor of the assessment determination made by Latah County Assessor.

c. The revenue allocation proceeds resulting from the incremental increase in assessed value of the Site as a result of the construction of the Private Development on the Site by Participant (as determined from the assessment records of the Latah County Assessor and the payment records of the Latah County Treasurer) shall be paid to Participant if and only as they are paid to Agency by Latah County, the entity which has the legal responsibility to collect property taxes.

d. Agency agrees to make semi-annual payments of the revenue allocation proceeds, commencing from the first date Agency receives tax increment monies from the Site following acceptance of the Project improvements by the City, and any other state or local agency having jurisdiction, and upon the Agency's issuance of the Verification of Costs Statement, or upon resolution of any dispute regarding the Certification of Costs pursuant to Section III.(I) of the Agreement for the period as described in the Agreement, or until the principal amount or the amount adjusted, has been paid; whichever occurs first. Agency shall have no obligation to make tax increment payments to Participant for taxes collected and paid to Agency beyond December 31, 2032.

e. The payments to Participant are secured solely by a pledge of Agency of the revenue allocation proceeds that are produced by the Private Development that are constructed on the Site by Participant, and Participant shall have no other recourse to Agency or City and no recourse whatever to any other party for payment.

6. Interest & Fees

Agency shall pay no interest on Participant Advance and shall not be subject to any fees or charges resulting from any activity authorized in this Agreement.

7. Default

As set forth in the Agreement, if the Participant defaults or breaches any of its obligations contained in the Agreement, and does not timely cure such default or breach as provided in the Agreement, or if Participant fails to obtain acceptance of the Project improvements by the City, or any other state or local agency having jurisdiction, or no Verification of Costs Statement, or upon resolution of any dispute regarding the Certification of Costs pursuant to Agreement is reached because the Private Development is not timely completed or is not completed according to the approved plans, the obligation to pay Participant the tax increment payment shall be voidable at the option of Agency until such time as the default is cured and/or acceptance by the City, or other state or local agency having jurisdiction, and verification of costs has occurred. Notwithstanding the foregoing, if Participant is using its best efforts to cure any such delay or default and such delay or default is enforced beyond the Participant's control, then the obligation of Agency to pay the tax increment shall not be voidable for so long as Participant is using its best efforts to cure such default or delay.
