2. **New South Moscow District Discussion – Bill Belknap**

The MURA Board has discussed the potential creation of a new urban renewal district in south Moscow to improve public infrastructure necessary to support and encourage industrial and manufacturing development in Moscow. Over the last 2 years, the Board reviewed the existing substandard public infrastructure and anticipated utility and roadway improvements to identify an approximately district boundary study area. The formation of the new district was temporarily placed on hold pending a project within the district area. With the recently announced Schweitzer Engineering Laboratories (SEL) property acquisition, Staff wanted to revisit the district discussion and begin the process of formation of the South District.

ACTION: Receive report and provide Staff with direction as deemed appropriate.
